

Business Continuity Statement

SV Microwave is dedicated to ensuring operational resilience and the continuous, reliable delivery of our products and services to our partners. To safeguard our critical operations against unforeseen disruptions, we actively maintain a comprehensive Business Continuity and Recovery Plan (BCRP) alongside a robust Operational Continuity Plan (OCP). Our enterprise resilience programs are strategically aligned with the proven methodologies of the Disaster Recovery Institute (DRI) International, as well as the standards of all other applicable regulatory and industry continuity bodies.
